

The wire solution for next generation **Poultry Cages**

Poultry Cages

Consistency in coating thickness to provide seamless welding operations.

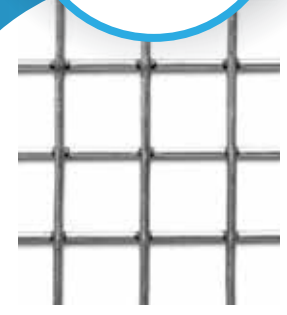

Increasing life and health of the cages and the birds.

Bezinal® 2000 coating provides added protection against the toxic environment

Global presence and expertise.

Duron Agriculture Wire Versus Heavy Galvanised Wires

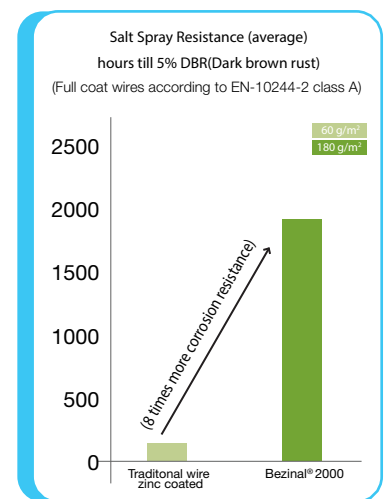

All our wires feature the advanced Bezinal® 2000 coating. This exclusive zinc-aluminum alloy provides superior resistance to atmospheric corrosion and chemicals. Salt-spray test proved that Bezinal® wires last from 4 to 8 times more than heavily galvanized wires, and twice the time compared to standard zinc-aluminum coated wires.

Packaging

Duron Agriculture wire is delivered per running meter, on user-friendly coils.

Galvanized	Size Range	Tensile	Coil weights
(275+ gsm coating)	2 mm to 5 mm	Te350 to 550 N/mm 2nsile	200 to 300 kgs (Can offer as per customer's requirement).

Bezinal® 2000	Size Range	Tensile	Coil weights
(Bekaert® 2000 Zinc Aluminum coating)	2 mm to 5 mm	350 to 750 N/mm2 (Can offer as per customer's requirement).	400 to 1000 kgs (Can offer as per customer's requirement).

Coating Limited Guarantee
